

Raised Bill Number 5450 - AN ACT CONCERNING THE PALLIATIVE USE OF MARIJUANA

Sean William Hearn

On behalf of SEAN WILLIAM HEARN

AGE 10

My name is Patricia Morrison, I am Sean's grandmother, Kim Hearn is our daughter and Chris Hearn is her husband.

Kim & Chris are the most devoted, loving parents of Sean....their road is long and hard as is Sean's...

Kim & Chris give Sean everything that is in their power to give him. They dress him in age appropriate clothes every day, he is bathed at night and they take him to stimulating places at the weekend (they both have full time jobs)...Zoos, the beach in the Summer, Sean loves the water, and out to Dinner with us all...Sean is with us but can't eat. Sean has a feeding tube.

Sean is the centre of their world...he somehow communicates with us all, although he doesn't talk...

Please pass this bill, so Sean and children like him have a chance...
